## Informing all citizens

*The Europe House "Grande Thiérache", is a non-profit association established in 1993 which aim is information and training for citizens to challenges of European integration.*

- **The association concerns all citizens.** In order to get them better involved to European integration, the Europe House provides a useful, simple and accessible information. The association organizes debates for citizens and gathers their concerns as their expectations in respect of the Union.
- **An expertise, a label... Europe is within reach!** Europe Direct is a free information service of the European Union. In France, there are 56 of these information centres. The Europe House has a label from the European Commission and is also member of the French Federation of Europe Houses which includes currently 33 Europe Houses.
- The Europe House – Europe Direct information centre "Grande Thiérache", **an official intermediary of the European Youth in Action Program.** The Europe House promotes this program and provides technical support to set up young people's projects (European exchanges, European Voluntary Service, local initiatives with a European dimension).
- The Europe House is a "complementary educational association" **recognized by the education authorities of Picardie and of Nord Pas-de-Calais** for its educational interventions.
